

Welcome to TASA

Terra Australis State Assembly

Discover TASA. Learn essential information on self-governance, conveying yourself, offspring, property and assets onto the Land and Soil is so important. **Knowledge plus action equals wisdom.**

What is Reconveying/Conveying? You **were born on the land and soil**, then shortly after you are shipped out to sea by your birth certificate, left floating out there with no support from the Gov-co (government). You are classified as lost at sea - a DEAD entity.

See the "Meet Your Strawman" presentation.

You might say what????

Please have a read of the information provided I am sure ye will soon see clearer.

What is Self Governance? Means knowing who you really are and taking full responsibility for your own actions.

When enough men and women correct their standing (on the land and soil) in your area, you assemble together to and govern your communities.

Peaceful assembly is the way to express the collective will of the people. The only lawful way to give direction to the de facto government.

Join us to learn more about Self Governance and community.

Our Assembly-Based Self-Governance model invites everyone to participate in shaping and implementing all the decisions that affect their local community.

Each ❤️ is a community, share with friends and family.

Are ye ready to escape control ?

Where to start ?

There is so much to learn, even if you already have some knowledge in this area!

Comprehending jurisdiction is the key - what does it mean? And which jurisdiction do you choose to live in?

Join your local Assembly.

Discover a community that is taking action for a better future, come and join us to learn more.

Learn: Who is TASA ? What is community?

Bringing back old skills, learning new ones!
Company & Conversations

You know something is
wrong when....

When you ask - something is not right ?

Is the truth you know really the truth?
You don't know what you don't know!
Are you happy with what's around you?

Meet Your Strawman

Do you know what your birth certificate is for?
The story of how everyone has a strawman account
created for them at birth.
